SENIOR MARKETING MANAGER

Senior marketing professional specializing in digital marketing, lead generation, and brand strategy. Expert at blending creative campaign development with Salesforce, SEO/SEM, and AI-driven automation to deliver growth at scale.

WORK EXPERIENCE

- **Revenue Scaling:** Market-leading B2B strategies that drove revenue growth from \$5M to \$60M by leveraging deep customer data insights throughout long-cycle sales.
- **Lead Generation Engine:** Engineered a high-performance lead acquisition system, consistently generating an average of 520 qualified Salesforce leads per month for over a decade.
- **Conversion Optimization:** Orchestrated data-driven tactics to secure 7,159 website conversions and 3,427 tracked calls in a single year (2024).
- **Digital Ecosystem Growth:** Achieved a 358% increase in email reach (48K to 220K subscribers) and boosted monthly web traffic from 3,000 to 35,000 users via multi-touch integrated strategies.
- **CRM with AI Architecture:** Managed enterprise-level Salesforce administration for 10+ years, recently integrating Salesforce Agentforce and AI automation to streamline Slack/Teams and SMS workflows.
- **Systems Integration:** Developed seamless data pipelines between NetSuite, Salesforce, and WooCommerce to automate inventory, sales, and order processing.
- **Search Authority:** Established robust technical SEO frameworks using Moz Pro and SemRush, ensuring sustained visibility and inbound growth over many years.
- **Branding Evolution:** Directed a comprehensive corporate rebrand, overseeing everything from high-level digital presence to physical collateral and web launches over a 12-year tenure.
